

City Farmers Market Opens Again August and September

In **Time Magazine's** "51 Ways You Can Make a Difference for the Environment" (April 9, 2007), one suggestion was to support your local farmer.

The article states, "Fruits, vegetables, meat and milk produced closer to home rack up fewer 'petroleum miles' than products trekked cross-country to your table...And here's another reason to go local; the taste is better!"

West Bountiful's Farmers Market is back by popular demand with crafts, local farm produce, local honey and the opportunity to visit with friends and neighbors. If you missed participating in our first year (2006), you won't want to miss it this year.

Come join us each Wednesday evening from 4:30 - 7:00 p.m. at the City Park from mid-August through September for the West Bountiful Farmers Market.

For Sale to Residents

Visit the Police Department booth at the West Bountiful Independence Day Celebration on June 30 at the West Bountiful Park for good deals on items from their evidence room. (Bikes, Scooters, etc.)

3 Council Seats City Election Filing Set for July 1-15

West Bountiful will have three council seats available for this fall's municipal election. All seats are for four-year terms.

There is no filing fee required, but candidates must be a registered voter and have been a resident of the city for 12 consecutive months immediately before the date of the election. The filing period is between July 1-15, 2007. Certification for filings will be available at the City Recorder's Office approximately two weeks before the filing period begins.

Primary elections narrowing the process to two candidates per seat will take place on Sept. 11.

To make voting convenient, early voting will be scheduled for four hours a day for four days each week during the two weeks prior to election day.

4-Way Stop Proposed at 4th North - 1100 West

Following the end of the current school year, West Bountiful City is planning on creating a four-way stop at the 400 North 1100 West intersection. This change is proposed to take place sometime in Late June or early July. Please keep an eye out for this change at this location as signs will be installed here in the near future.

Please note that the City is creating this four-way stop in an effort to establish safer crossings along 1100 West and 400 North for school-age children and other residents within West Bountiful City.

Should you have any further questions, comments, or concerns regarding this topic or other related topics, feel free to contact city offices at (801) 292-4486.
